Hello,

No, there's not a requirement in law to allow public speaking or questions. However, I'm sure the board would be happy to provide you time at the April meeting to share your thoughts.

Dennis Seavers

I want to propose allowing the use on a pull behind unit as a mobile babershop. We have the most demanding requirements to get our barber license but other states are more progressive. Other states allow the use of a pull behind to function as a barbershop. Having the ability to use a none motorized unit would make it more affordable and increase business opportunities.

As a public meeting I thought it is a requirement to allow time for the public to speak or ask questions. I would like the link to tomorrow's meeting to listen to the discussion.

Thanks,

Hello,

The next meeting is tomorrow, and it's a little too close to include it in that agenda. But we can certainly consider putting it on the agenda for the April meeting.

Would you please send information about what your proposed change is, and I'll be sure to discuss it with the board leadership?

Dennis

Hello, Dennis. I hope all is well. I would like to participate in the next public board meeting to propose a change to the current mobile barber requirements. Can I be added to the agenda?

Hello,

Unfortunately, the board does not allow trailers to be used as mobile barber shops. You'd need a self-contained vehicle, not a trailer.

If you have any other questions, please let me know

Hello, Mr Seaver. I would like to know the requirements of having a mobile barber shop. I'm considering converting a trailer into a Barber Shop that I will pull behind my truck.

Thanks,

This information should be on the website probably in couple more weeks, but you can contact the director at [dennis.seavers@nc.gov](mailto:dennis.seavers@nc.gov) if you have anymore questions.

What are the requirements for a mobile barber shop. I want to convert my enclosed trailer to a mobile barber shop after I get my license.
